

# WONDERFUL EASTER DAY AT OUR STORE

DEPARTMENT STORE

Easter is only one week away, and of course you want to greet it with glad raiment. The very newest styles in Clothing. More good correct new things are here than can be found any where else. The first time you have, just step in, "browse around." It will pay.

DEPARTMENT STORE

## Coats and Suits

Host of New Arrivals

**\$7.50 to \$25.00**

This last week we have just received a number of large shipments of every description:—Fancy checks, plaids, plain poplins and jerseys. Some with loose backs, others with fullness caught by rows of smocking at neck and waist, while many are on true sport lines and smartly belted. Styles and sizes for every individual type. Yours is here to wear for Easter.

## New

## Millinery

Our milliner has just unpacked and placed on sale a number of special models for Easter wear.

In selecting your Easter Millinery this spring do not overlook our department.

## Easter Shoes

All the New Things in Foot Wear

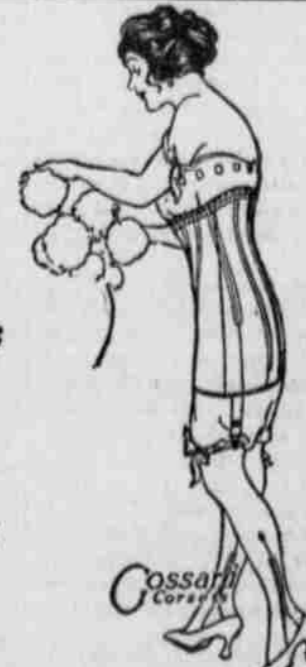

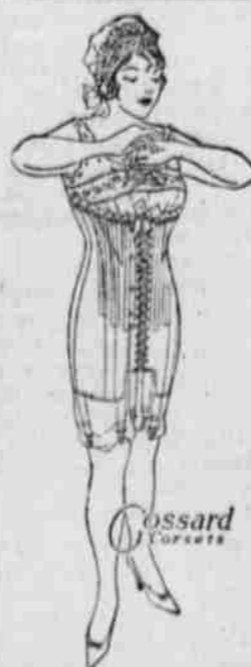

No store in the city has the stock to select from as you will find here, or as many new spring models.

Let us show you this coming week.

## Easter Corsets

EASTER Brassieres Gossards

You will find them only at this store

## AGRICULTURIST ADVISORY COUNCIL FORMED

A great help for the County Agriculturist has been developed through the forming of an advisory body. Up to the present time the office has had no direct advisors, and the policy of the office has depended entirely upon the judgment of the County Agriculturist. The county is so large and the work that it would be possible to undertake so diversified that it is sometimes hard to pick out that which is most important and pressing. It is also impossible to cover so much territory often enough to keep in personal touch with all of the "present hour" problems that come up.

The plan is to make up this advisory body of members from the Granges, Farmers' Unions, Commercial bodies, individuals interested in the work, and County Court. The plan is to keep the members informed of the work that is being done, and the members in turn to keep the County Agriculturist informed about things that he should know. At various periods the Advisory Council will be called together to plan out work, and policies.

The council though not yet complete, was called together Tuesday, April 4th, for the first time. The project work for this year was taken up and discussed for this year, as were also some of the policies. The members entered into an interesting discussion of the projects, some being dropped because they were not considered important enough at the present time. The ones that were adopted were Farm Management Demonstration, Crop Demonstrations, Land Drainage, County Corn Contest, County Fair, and the Cow Test Association and Rabbit Poisoning work which has been done was endorsed.

Those who now make up the council are the following: Lee Brown, Dead Ox Flat; A. W. Trow, Ontario; E. M. Dean and W. B. Van Dyke, Nyssa; John P. Reese and T. M. Lowe, Owyhee; A. G. Kingman, Kingman Colony; Z. Brumbach and V. V. Hickox, Big Bend; Chas. Amidon, Cairo; Emory Cole, Brogan; County Judge George McKnight, Vale; County Commissioner M. D. Kelly, Jamieson; County Commissioner John Weaver, Ontario; Ralph Griffiths, Alfalfa Heights. It is hoped to add others before the next meeting.

## PRESENTATION EXTRAORDINARY

Harry R. Raver, director general Italia Film Company of America offers Gabriele D'Annunzio's tremendous historical vision "Cabiria" at the Dreamland, Tuesday night, April 18.

Staged in five countries at an outlay of \$250,000.00, with a cast of 5,000 people.

The World's master spectacle surpassing in its regal splendor and magnificence the greatest achievements of the past. 12 reels, one show, 25 cents.

Tut, tut, sister! Why try to smother a yawn? Just open your mouth and let it swell the breeze.

## NYSSA

G. B. Wills, Nyssa's well known drayman, purchased a two-ton auto truck of 40-horse-power at a cost of \$2200, and will put it into service here upon its arrival here this week. It is the first auto truck of its kind to be put in operation in this part of the state.

Arrangements have been perfected whereby Mr. Wills will use this truck in gathering the milk over two milk routes early each morning for the Nyssa cheese factory, and during the balance of the day he will use the truck in his dray work in town.

Heretofore the Nyssa cheese factory gathered the milk over only one route, with a wagon. A second milk route will be established as a result of Mr. Wills getting his new auto truck. Mr. Wills stated he will gather the milk on the Idaho side toward Parma the first thing each morning, and then he will gather the milk on the Oregon side each morning, covering the nearby territory and on towards Owyhee.

The Nyssa cheese factory is enjoying a steadily growing business. With the establishment of a second milk

route, this factory of course will witness a splendid increase in business. The demand for Nyssa cheese is greater than the factory is able to supply.

Nyssa business men report business better so far this year than during the same period of previous years. Possibly it is the first ripple of the wave of prosperity that we are told is sweeping the land.

The promoters and engineers of the Nyssa-Arcadia drainage District have been hard at work during the past few weeks getting the proposition properly organized. They report gratifying success, one officer of the district stating that actual construction work on the ditch would commence in not to exceed sixty days and probably much sooner than that. Little opposition seems to have developed among those included in the new district and it is believed that such as has can be adjusted satisfactorily.

Work starts Monday on a local ditch for draining about 900 acres of fine land belonging to nine land owners in the district two miles southwest of Nyssa. The drainage ditch will be three-fourths mile long and in it will be placed an 18-inch box. Three small laterals will

extend from the main ditch. Those whose lands will be benefitted are: John Ward, 135 acres; Mrs. A. J. Netherly, 160 acres; H. J. Ward, 220 acres; M. Conant, 90 acres; William Danielson, 40 acres; Mr. Hatfield, 15 acres; H. H. Morris, 20 acres; Mr. West, 15 acres; Mr. Seward, 160 acres.

J. E. Leeson has leased the Golden pool hall and fixtures on Main street here, and Tuesday moves his own pool hall, fixtures, confectionery stock, etc., from his location next to the postoffice into the Golden building. In his new location, Mr. Leeson will have a handsome place with three pool tables, confectionery store and soft drink parlor.

A bouncing baby boy came to the home of Mr. and Mrs. Roy Cook on Monday.

## MALHEUR NOTES

Miss Clara Howard, who is teaching in the upper Ironside district, visited with her parents a few days ago when she returned to the home of her brother, C. O. Howard, where she stays during the week. She rides horseback from there to her school,

a distance of about five miles.

Word was received here that Lester Derrick, who was operated on at the Holy Rosary hospital in Ontario is doing nicely, also that his grandfather S. M. Derrick is still improving.

The Jones hotel in Malheur is closed now as Mr. and Mrs. Jones have moved to Mormon Basin.

Chester Morfitt is going to work the Boswell placer again this year and is getting ready to begin work soon.

Mr. La Fountain salesman for the Nevins Candy Co. of Denver, was a Malheur visitor during the week.

Mr. Geo. Bodfish is in Nyssa, spending a few days looking after his business interests there.

Mr. Floyd Howard and Miss Nettie Worsham were married in Baker Tuesday April 4th at the residence of Mrs. F. E. Woodcock. They returned home Friday evening and are receiving congratulations from the many friends, both parties are popular among the younger class and have lived here a long time. The young people gave a social dance in honor of Mr. and Mrs. Floyd Howard Saturday evening. Everyone enjoyed the affair very much. The out-

of town guests were Mrs. Claudia Worsham, Miss Bernice Worsham, Mr. and Mrs. C. Jones, Mr. Mert and Lynn Moudy, Carl Winters and Mr. Davis of the Rainbow Mine, Miss Flo and Jess Sullivan and Geo. Eddy of Burnt River, Mr. Clarence Howard, Miss Clara Howard and Mr. Ed Rose of Ironside. Miss Lucy and Jean Woodcock came in on Friday evening stage from Baker where they have been attending school.

The base ball boys met Sunday for a little practice and to organize for the season. There were quite a number out to practice. Mr. J. E. Hill will be manager for this season.

A baby girl arrived at the home of Mr. and Mrs. Earl Oliver Friday, April 7th.

Miss Clara Morfitt returned home last evening from a visit to Ontario.

It is possible, of course, that Pershing may shine in history as the man who didn't get Villa.

A European writer advocates the abolishment by law of the marriage relation as a means of increasing the population. It would!

Germany's insistence on attacking armed ships doesn't seem to extend to the British Navy.

## YOUR EASTER HAT

If You Buy it Here It Will Be

A stylish hat.  
A durable hat.  
An economical hat.  
A hat that will please you.  
A hat that will be the envy of your friends.  
A hat that will command admiration wherever you go.  
A hat that all people will pronounce a genuine "hat of hats."
